It is not possible to reduce the cost of the buildings but by providing kutcha materials for the Hospital Assistant's quarters also. If thought unnecessary, the provision made for sinking a well at a cost of Rs 300 may be omitted. But the stability of the structure and the convenience of its occupant should also be considered before deciding upon reducing the estimated cost

have the honor to enclose herein plans and estimates amounting to Rs 4092/- for the construction of quarters to the Hospital Assistant and Midwife at Bagepally together with the detailed report of the Executive Engineer, Kolar Division, for favour of your approval and countersignature. There is a provision of Rs 1633/- in the current year's budget District Fund Budget Estimates to meet the quota of contribution payable by the Board, and the Executive Engineer reports that Rs 1000/- has been allotted for the purpose in the P.W.D. budget. The financial condition of the Bagepally Municipal Board being very poor, (in fact having always debit balance to its credit!) no contribution to any extent, however small it be, can ever be expected. I have therefore to request that sanction of Government may kindly be obtained to defray two thirds of the cost of the buildings from Provincial Funds the works being in the meantime started with the 1/3rd contribution payable by the District Board
